

BSC (HONS) HEALTH AND SOCIAL CARE - WITH FOUNDATION YEAR

IN PARTNERSHIP WITH :

SUMMARY OF DISTINCTIVE FEATURES OF THE COURSE

During the course of the study, students will be taught by friendly, knowledgeable, qualified, professional lecturers, who have been employed in either health or social care and are well equipped to help relate the study topics to current policy and practice in the domain. This offers the opportunity to develop core transferable skills and knowledge relevant to health care, social care and public health.

Your learning will help you to develop the knowledge relevant to a productive future in the health and social care sectors.

You will develop core skills which are relevant to all Health and Social Care areas, such as record keeping, academic writing and reflective thinking, understanding of how health and wellness may be measured, learn the use of common measurements of data, and how you can affect the communication of others. To support your development and work-readiness, employability skills as professionalism, effective communication, evaluation of evidence are embedded throughout the Foundation Year with the opportunity to undertake relevant work experience in a Health & Social Care setting.

LEARNING, TEACHING AND ASSESSMENT

You will be taught through a combination of lectures, seminars, practical sessions and tutorials, which will amount to at least 12 hours per week. When not attending lectures, seminars or other timetabled sessions, you will be expected to continue learning independently through self-study. Typically, this will involve utilising a range of digital resources including our virtual learning environment; reading journals, articles and books; working on individual and group projects; undertaking research in the library; preparing coursework assignments and presentations, and preparing for examinations.

You will be assessed through a variety of different formats, this includes presentations, practical coaching, written assignments and work placement portfolio. Teaching will take place at the CECOS College London. Each module normally includes 'formative'

assessments, for which you receive feedback from your tutor. There is a formal or 'summative' assessment at the end of each module. This includes a range of coursework assessments, such as essays, reports, portfolios, performance, presentations etc. The grades from formal assessments count towards your module mark.
